Withdrawal Fees

If your account is fully verified and you have completed at least one trade, your first withdrawal will be free of charge. However, if your account is not fully verified or if it is verified but you have not made at least one trade, a withdrawal fee of 10 USD (or its equivalent, depending on your account currency) will be applied.

For subsequent withdrawals, the following fees apply:

Method	Applicable Fees
Credit Card	
Debit Card	3.5%
Prepaid Card E-wallets	
Wire Transfer (as per account currency)	30 USD (or equivalent, depending on account currency)

Inactivity Fees

You will be charged fees due to the ongoing provision of the Trading Platform, even if you do not actively use it. If your Trading Account shows no activity (such as deposits, withdrawals, or trading) for at least one month, the Company reserves the right to charge a monthly inactivity fee.

This fee compensates for the continued availability of your account. You agree to pay the applicable fee, as notified to you, which will be deducted from any funds held in your trading account.

Inactivity period	Monthly Trading Account Inactivity Fee
0 to 1 month	0
1 to 2 months	100 USD or the equivalent amount in the client’s currency as per the exchange rate that day.
2 to 6 months	250 USD or the equivalent amount in the client’s currency as per the exchange rate that day.
6 to 12 months	500 USD or the equivalent amount in the client’s currency as per the exchange rate that day.
12 months to every subsequent month	500 USD or the equivalent amount in the client’s currency as per the exchange rate that day.

In case of inactivity, the Company reserves the right to deduct the full amount of any active bonuses from the account balance, along with any related profits, in accordance with the Company’s Bonus Terms Scheme.

Spread Information

The spread is the difference between the bid (sell) and ask (buy) price, which represents the cost of opening a position and varies by instrument. The spread is measured in pips. You can find the pip value for all instruments by accessing the Trading Platform through your account with the Company.

Swap Fees

A swap is the interest added or deducted from the value of your position when it is held open overnight. The operation occurs at 00:00 (GMT+2) and the resulting amount is automatically converted into your Balance Currency.

The swap rates are charged once, on a daily basis when a position is rolled over, except on Wednesday, when the rates are charged three times to capture the weekend swaps charged in advance.

You can view the swap rates for each instrument on the Trading Platform through your account.

You will be able to find the value of the swap rate charged for each instrument by accessing the Trading Platform through your account.

Please note that additional processing and exchange rate fees may apply as well as daylight save time (DST).

Deposit Fees

Although the Company doesn't charge fees for deposits, the payment service provider may impose extra charges for processing and adjusting currency exchange rates, depending on your chosen deposit method.
